## Explorer Post 601

Dear Parent/Guardian:

We would like to thank you for allowing your child to participate in the Homeland Security Investigation's (HSI) Explorer Program. If it were not for the support of the parents and the dedication of the Explorers, this program will not be able to continue for the years to come.

In order to successfully continue the program, it is important to maintain communication between all parties, including parents, Explorers, the Post Advisor, and HSI Volunteers. If the Post Advisor and/or HSI Volunteers feel that an Explorer is irrational and may cause harm to him/herself and/or others, the Post Advisor will contact their parents. Additionally, if a parent finds that his/her child is not acting in a familiar manner and/or they are concerned for their child, please contact the Post Advisor.

It must be understood that all HSI Explorers and Recruits are required to abide by the rules and regulations of the Post as outlined in the HSI Explorer Post Manual. It is imperative that the Post members, as well as parents and/or guardians, are aware that these bylaws are taken seriously and that members are held accountable. Attached you will find a list of the most important policies of the Post. It is requested that each Post member and their parents review and sign the document(s). **By signing the document(s), you and your child signify that you have read and understood the rules, and that your child may receive disciplinary action, up to and including dismissal from the Post, if he or she violates the Post policies and regulations.**

**This package must be submitted via the online application form along with other required documents (resume, transcript, class schedule, and copy of driver's license or state-issued ID (school ID if under 18). A \$100 registration fee must also be sent to 646-234-0660 via Zelle within 2 hours of the submission of the form.** The complete package includes the HSI Explorer Post's Contact Form, Policy Agreement Form, Waiver of Liability and Hold Harmless Agreement Form, Image Release Form, and Learning for Life Youth Participant Application & Medical Forms. All documentation must be completely filled out (Neatly Printed or Typed).

If there are any questions or concerns, please feel free to contact the Public Affairs Unit or PAC Advisor Iliana Velazquez at 646-234-0660.

# Exploring Information for Parents

A parent or guardian must certify that he or she has read this information sheet for all applicants under 18 years of age.

## Welcome to Exploring!

Please take the time to review this material and reflect upon its importance.

## Exploring and Participating Organizations

Exploring is a program of Learning for Life—a nonprofit organization that provides character and career programs and resources to youth across the country. Exploring is made available to our nation's youth through agreements with community organizations to operate Exploring clubs and Exploring posts.

The participating organization must provide an adequate and safe meeting place and capable adult leadership, and must adhere to the principles and policies of Exploring. The local council provides adult training, program ideas, outdoor facilities, literature, professional guidance for adult leaders, and liability insurance protection.

## Exploring's Adult Leaders and You

Exploring's adult leaders provide leadership at the unit, district, council, and national levels. Many are parents of Explorers. Each participating organization establishes a unit committee, which operates its Exploring unit, selects leadership, and provides support for a quality program. Unit committees depend on parents for membership and assistance.

The unit committee selects the post advisor or club sponsor, subject to approval of the head of the participating organization and of Learning for Life. Adult leaders must be good role models because our children's values and lives will be influenced by that adult. You need to know your child's adult leaders and be involved in the unit committee's activities so you can evaluate and help direct that influence.

Exploring uses an interactive program to promote character development, citizenship training, and career education for every participant. You can help by encouraging attendance, attending meetings for parents, and assisting when called upon to help.

**Youth Protection Begins With You™.** Child abuse is a serious problem in our society, and unfortunately, it can occur anywhere. Youth safety is of paramount importance to Exploring. For that reason, Exploring continues to create barriers to abuse beyond what have previously existed in Exploring.

Exploring places the greatest importance on providing the most secure environment possible for our youth participants. To maintain such an environment, Exploring has developed numerous procedural and adult leader selection policies, and provides parents and adult leaders with numerous online and print resources for the Exploring programs.

**Health Information.** You should inform your unit leader of any condition that might limit your child's participation. Please fill out the Annual Health and Medical Record found on [www.exploring.org](http://www.exploring.org) and give it to the unit leader.

**The annual national registration fee is nonrefundable.**

**For general questions, contact your local council.**

## Program Policies

Participating organizations agree to use the Exploring program in accordance with their own policies as well as those of Learning for Life. The program is flexible, but major departures from Exploring methods and policies are not permitted. As a parent, you should be aware that

- Exploring adult participation is restricted to qualified people.
- Citizenship activities are encouraged, but partisan political activities are prohibited.
- Military training and drills are prohibited. Marksmanship and elementary drills for ceremonies are permitted.

## Youth Protection Policies

- Two registered adult leaders 21 years of age or over are required at all activities, including meetings. There must be a registered female adult leader 21 years of age or over in every unit serving females. A registered female adult leader 21 years of age or over must be present for any activity involving female youth.
- One-on-one activities between participants and adults are never permitted. Even personal conferences must be conducted in plain view of others.
- Corporal punishment, hazing, and bullying are not permitted in Exploring. Only constructive discipline is acceptable. Parents and unit leaders must work together to solve discipline problems.
- Youth Protection training must be taken every two years. This training can be taken at [www.exploring.org/training-safety](http://www.exploring.org/training-safety).
- We encourage all parents to be involved with their Explorer. There are no "secret" organizations in Exploring and all Exploring activities are open to parental visitation.
- If you suspect that a child has been abused, immediately contact the local authorities and the council executive.
- Effective on the participant's 21st birthday, he or she must register as a leader and can no longer be a youth participant.

## Policy of Nondiscrimination

Youth participation is open to any youth in the prescribed age group for that particular program. Adults, 21 years of age and older, are selected by participating organizations for involvement in the Learning for Life programs. Color, race, religion, gender, sexual orientation, ethnic background, disability, economic status, and citizenship are not criteria for participation by youth or adults.

Youth and adults involved with Learning for Life programs, including Exploring, are registered with Learning for Life as participants.

**Ethnic background information.** Please fill in the appropriate circle on the application to indicate ethnic background. This information helps Learning for Life and Exploring plan for success in serving all youth.

## Thank You

Learning for Life appreciates you taking time to become familiar with Exploring. We feel that an informed parent is a strong ally in delivering the Exploring program. Help us keep the unit program in accord with Exploring principles. Please do your fair share to support a quality program.

Dear Parent:

I am writing to inform you about meningococcal disease, a potentially fatal bacterial infection commonly referred to as meningitis, and a new law in New York State. On July 22, 2003, the New York State Public Health Law (NYS PHL) was amended to include §2167 requiring overnight children's camps to distribute information about meningococcal disease and vaccination to the parents or guardians of all campers who attend camp for 7 or more nights. This law became effective on August 15, 2003.

Ten Mile River Scout Camps are required to maintain a record of the following for each camper:

- A response to receipt of meningococcal meningitis disease and vaccine information signed by the camper's parent or guardian; AND
- Information on the availability and cost of meningococcal meningitis vaccine (Menomune™); AND EITHER
- A record of meningococcal meningitis immunization within the past 10 years; OR
- An acknowledgement of meningococcal meningitis disease risks and refusal of meningococcal meningitis immunization signed by the camper's parent or guardian.

Meningitis is rare. However, when it strikes, its flu-like symptoms make diagnosis difficult. If not treated early, meningitis can lead to swelling of the fluid surrounding the brain and spinal column as well as severe and permanent disabilities, such as hearing loss, brain damage, seizures, limb amputation and even death.

Cases of meningitis among teens and young adults 15 to 24 years of age have more than doubled since 1991. The disease strikes about 3,000 Americans each year and claims about 300 lives.

A vaccine is available that protects against four types of the bacteria that cause meningitis in the United States — types A, C, Y and W-135. These types account for nearly two thirds of meningitis cases among teens and young adults.

Information about the availability and cost of the vaccine can be obtained from your health care provider and by visiting the manufacturer's website at [www.meningitisvaccine.com](http://www.meningitisvaccine.com). Ten Mile River Scout Camps *do not offer MENINGOCOCCAL IMMUNIZATION SERVICES*.

For all Scouts attending camp for more than one week, **Please complete the Meningococcal Vaccination Response Form on the reverse side. This form should remain attached to your child's medical form and be brought to the camp.**

To learn more about meningitis and the vaccine, please feel free to contact Camping Services at 212-651-2955, visit [tenmileriver.org](http://tenmileriver.org) and/or consult your child's physician. You can also find information about the disease at the New York State Department of Health website: [WWW.HEALTH.STATE.NY.US](http://WWW.HEALTH.STATE.NY.US), and the website of the Center for Disease Control and Prevention (CDC): [WWW.CDC.GOV/NCIDOD/DBMD/DISEASEINFO](http://WWW.CDC.GOV/NCIDOD/DBMD/DISEASEINFO).

# MENINGOCOCCAL MENINGITIS VACCINATION RESPONSE FORM

New York State Public Health Law requires the operator of an overnight children's camp to maintain a completed response form for every camper who attends camp for seven (7) or more nights.

**Check one box and sign below.**

My child has had the meningococcal meningitis immunization (Menomune™) within the past 10 years. Date received: \_\_\_\_\_

[Note: The vaccine's protection lasts for approximately 3 to 5 years. Revaccination may be considered within 3-5 years.]

I have read, or have had explained to me, the information regarding meningococcal meningitis disease. I understand the risks of not receiving the vaccine. I have decided that my child will **not** obtain immunization against meningococcal meningitis disease.
